## **RULES REGARDING SUPERVISION**

1. Supervision must be provided by an LCSW holding Board certification.
2. Supervisor must maintain his/her license as a LCSW in accordance with licensure laws of the State of Mississippi.
3. It shall be considered unethical for an LCSW without clinical expertise to supervise a LMSW candidate seeking to become a clinician.
4. No plan of supervision will be approved if the contracted supervisor is supervising more than seven (7) master social workers that are in pursuit of the LCSW.
5. Individual supervision shall mean a maximum of two (2) supervisees meeting with one supervisor and group supervision shall mean a maximum of seven (7) supervisees with one supervisor.
6. The Supervision period must be for a minimum of twenty-four (24) months and may not exceed thirty-six (36) months. Each six (6) month evaluation period begins the date of the approval letter the Social Work Discipline Specific Committee (SWDSC) mails to the licensee. You will also receive a copy of that letter.
7. Upon completion of their supervision, you as a "Supervisor" having been under contract with the licensee cannot complete a "professional reference" on the same licensee. That would be considered as overkill. Too much information from the one individual.
8. For supervisors and supervisees who are not employed within the same agency, there must be a written plan approved by the Board to address how the LCSW Supervisor will insure that the face to face supervision is observed or carried out. **Such face to face supervision must include on-site visits to the supervisee's practice location at least once per six (6) month supervision period and recorded on the evaluation form.**
9. Supervision may include alternate means of supervision by audio or audiovisual electronic device provided there is direct, interactive, live exchange between the supervisor and supervisee or provided that communication is verbally or visually interactive between the supervisor and the supervisee. No more than one-fourth (1/4) of the required hours may be by alternate means to direct face-to-face contact for a total of twenty-five (25) hours.
